

**IN THE SPECIFICATION:**

Please insert the attached substitute Sequence Listing into the above-identified patent application.

**REMARKS**

Pursuant to the requirements of 37 C.F.R. §§ 1.821-1.825, Applicants submit the enclosed Sequence Listing and computer readable form (CRF). The amino acid sequences disclosed in the specification and claims may be found in computer readable form in file 002201.txt on the enclosed diskette and are presented in the paper copy of the Sequence Listing, also enclosed.

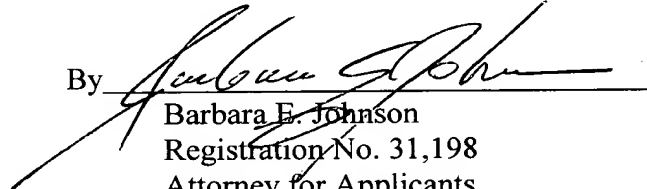

Applicants hereby certify that the information recorded in computer readable form (CFR) supplied on the enclosed diskette as file 002201.txt is identical to the written Sequence Listing. The material presented in computer readable form is not new matter because it presents sequences the same as those disclosed in the specification, as filed. Support for the methods of synthesis is found at p. 4, line 35 through p. 5, line 2 for SEQ ID NOs. 1-9; p. 4, lines 26-30 for SEQ ID NOs. 10-11; p. 5, lines 30-33 for SEQ ID NOs. 12-13; and p. 5, lines 33-34 for SEQ ID NOs 14-16.

Applicants believe that the requirements of 37 C.F.R. §§ 1.821-1.825 have been met.

Respectfully submitted,

WEBB ZIESENHEIM LOGSDON  
ORKIN & HANSON, P.C.
